WHY WE COUGH.

An Italian investigator has been

studying the cause of coughs, and has come to the conclusion that they are the

result of the presence of a parasitic fun-

gus in the air passages. In severe cas-

es the parasite multiplies and takes pos-

session of the lung coil. Quining is

said to possess the of stopping the mi-

eroscopic fungi, and is therefore recom-

mended as a remedy. The Italian doc-

tor has successfully used a powder com-

posed of the chlorhydrate of quinine,

one part, bicarbonate of soda, one part;

gum arabic twenty parts. The blowing in of the powder should take place dur-

ng a deep inspiration of the patient, so

that it may penetrate the windpipe, the chief seat of the microscopic fungus.

I would rather know that you had lost the other arm defending the old flag, than to learn that bonlires were built by loyal people in the event you migrated west or departed this life. That is the way the people did in Connecticut and all the old States in an early day. That was a traitor's doom, and the stigma is on the beads of their own flesh and blood, and will be for generations to come. Don't lose your grip, Brigham; all will be right in Indiana. That Blue Jeans business will play out on the 7th of November. Brains will predominate over breeches. GLORIOUS VICTORY.

Nashville American (Dem.) 14th, For the first time is twesty years the Democracy is assured of success. They are now dashing down the home stretch, with victory aiready in the air, on their Lanners, in the sociaim of the shouting multitude around the grand stand. For the first time there is a feeling of confidence in an assurance of success. Hope has dawned before, with a pale, glimmering light, but confidence never. The heart has before yearned for victory, and despite judgment we hope to cheer and then leave us desaa clear sky, with the goal in sight, and no possible obstacle to victory. Hope

tain victory. The Democracy will march through these coming twenty four days with a atendy stride. Buoyed by confidence in their leaders, in their integrity and fering country a good government and to restore pasce, fraternal sentiment and true nationality, they will move in vincibly to the goal of their hopes. Republican lines are broken and

shattered, and whistling to keep up courage will not win votes nor give, even to them, a nope of victory

Time to be Boing .- Less than three

> weeks, intervene between now and election, and if any work is to be done to increase the republican majority in this county, it is time to be about it. There should be at least two grand republican rallies, with torchlight processions, and addresses by eminent speakers, between now and election. While the republicans are sure of carrying the state for Hayes & Wheeler by a large majority, there should be an effort made to swell that majority to the highest possible figure-say/75,000, at least; and while the republicans feel certain of electing their entire county ticket, there should be solid work put in to give their candidates as large a majority as possible. At a time like this a sweeping and overwhelming victory of the republican party will carry with it tremendous influence in favor of the right, and good government. We hope, therefore that arrangements will be made for one or more grand mass meetings that will call together ten or fifteen thousand neonle. and in doing so there is no time to lose.

A Moving Outlit .- Within the last three days about thirty emigrant wag ons, westward bound, have passed Stapp's Chapel to-night, to hear the through our city, some of them being fitted out in very comfortable shape, .. Money to loan on improved farms with good teams and well-covered wagons; but we have seen nothing in the line of movers' outfile that was quite as nobby and comfortable as the one desoribed in the Bloomington Pantagraph, whose notice of which we give below:

"A good deal of amusement was af-forded yesterday to the people of Normal and Bloomington by a novel moving outfie which passed through both towns en route for the Far West. It is to be hoped that its first effort will be directed to the conversion of its immediate neighbors. To-Night-The Escaped Nun.-Miss

Edith O'Gorman has arrived in Decatur, and she will doubtless have a crowded house this evening at Stapp's Chapel, as it is her first appearance in our city. -Her lectures are attended by many of the best class of people. She is all she is advertised and represented to be, and the press speak of her in the highest terms. Her subject is, "Life in a Convent; How She Escaped, and How She Became Converted." There will be great curiosity to see and hear her. Her ecture has been the lively topic of conversation upon the streets for several days past. See advertisement on 2d page.

A Tilden Rally .- The Tildenites had torchlight parade at Macon last night and mustered twenty-one torches, while at the time of Cannon's speech the republicans had about seventy in line. A Tilden club was organized with a membership of about twenty-five. In the parade they carried the American flag upside down, which is a signal of distress, thereby affording a heap of fun to republican lookers on. None of the fellows, in the procession knew enough about the American flag to know the 22 West Wood street.

Genilemen—My only object in giving you this testimontal is to spread valuable information. Having been badly afflicted with Sait Rheum, and the whole surface of my skin being covered with pimples and eruptions, many of which caused me great pain and annayance, and knowing it, to be a blood disease, I (sok many of the advertised blood preparations, among which was any quantity of Sarsaparilla, without obtaining any users and before. I had completed the first bottle. I saw that I had got the right medicine.
